## **Northwoods Pine**

### **Northwoods Pine**

- Aged pine bark mulch and soil amendment
- Pine bark containing greater than 90% bark fiber and less than 10% wood fiber
- Fresh aroma, dark to rusty brown colour
- Low pH

**Northwoods Pine** can be used as mulch for a variety of plants including trees, shrubs and perennials. This product is suitable as a soil amendment. When used correctly, Northwoods pine can contribute to increased organic matter content, microbial population, and pH reduction.

### **Typical Analysis:**

Size Gradation: Minimum 97% < 1"  
Minimum 80% < 5/8"

pH: 3.5-4.5

Organic Matter Content: ≥80% by weight

Moisture Content: 45% to 55%
