Current zoning:	Description of the material to be excavated:
Current land use:	
Previous land use:	

Previous zoning:	Reason for the excavation:
Description of excavation site:	

Name of company transporting materials:	Estimated volume to be excavated:
---	-----------------------------------

Has an Environmental Assessment report been completed on the excavation site? Yes <input type="checkbox"/> No <input type="checkbox"/> (If so attach a copy.)	Yes No <input type="checkbox"/> <input type="checkbox"/> Have any industrial or commercial operations occurred at the site? <input type="checkbox"/> <input type="checkbox"/> Is there any visible contamination of the site? <input type="checkbox"/> <input type="checkbox"/> Is there a history of spills at the site? <input type="checkbox"/> <input type="checkbox"/> Are there any soluble or decomposable chemical substances in the material to be excavated?
Has any testing been done of the Aggregate / Asphalt to be excavated? Yes <input type="checkbox"/> No <input type="checkbox"/> (if so attached a copy)	

D. Aggregate and Asphalt Acceptance Agreement

Agreement of Aggregate and Asphalt Acceptance:

WHEREAS Walker Industries operates various aggregate sites ("the site"). AND WHEREAS "the site" has agreed to accept aggregate and asphalt for the purpose of recycling / reuse. IN CONSIDERATION of the acceptance of such materials and the payment therefore, the parties agree as follows:

- The Term "Material" and "Aggregate and Asphalt" refers to concrete, asphalts or other materials comprised of, or similar in nature to, aggregate materials
- The Customer warrants that all Aggregate deposited by or on behalf of the customer at the site contains no contamination that would cause the material to be classified as a "waste" under Reg. 347 or "contaminated" under *MOE Guidelines for Use at Contaminated Sites in Ontario, February 1997*
- All aggregate brought to "the site" has a PCB concentration less than 0.3 ug/g (micrograms per gram) and contains no other material / contaminants that would pose an environmental hazard to "the site"
- The Customer warrants that it will not deposit at the site any materials prohibited by Ministry of Environmental Regulations
- Should any illegal or unacceptable materials be found in any load, or, after deposited in the site and traced to the Customer, the Customer authorizes Walker Industries Holdings Limited or its subsidiaries to have such illegal/unacceptable materials removed from "the site" at the Customer's expense, and undertakes to pay such charges forthwith.
- The Customer undertakes to advise Walker Industries Holdings Limited of the source of any illegal/unacceptable materials delivered by or on behalf of the Customer to the site.
- The Customer will indemnify and save harmless Walker Industries Holdings Limited and any of its subsidiary companies from any loss, damage, action, prosecution, fine, costs, expenses (including the expenses of defending any such action or prosecution), or other costs to which Walker Industries Holdings Limited or its subsidiaries may be put as a result of any misrepresentation by the customer or the deposit of any illegal/unacceptable materials by or on behalf of the customer at the site.
