Waste Acceptance Agreement

We operate a non-hazardous solid waste landfill. Any agreement to receive waste from you (the Generator) is contingent upon you:

- shipping only non-hazardous solid waste (per O. Regulation 347)
- advising us immediately of any changes in the nature or content of the waste;
- advising us immediately if any hazardous or unapproved wastes were delivered to us by or on behalf of you;
- agreeing to cover all our costs (operating, legal, etc.) associated with any errors, omissions or misrepresentations that result in us receiving illegal/unacceptable waste by you or on your behalf. Note: all costs are subject to a surcharge and additional handling fees.

We may need to modify the way waste is accepted, making previously approved waste unacceptable. We will contact you if your waste is affected.

Any inspection completed by a third party (3rd) for regulatory purposes or by other legislative personnel is outside of the terms and conditions of this agreement.

I certify that I am qualified and appropriately authorized personnel to classify this waste, that the information contained in this form is a true reflection of the waste which will be shipped and that the waste is solid, non-hazardous waste as defined by OReg 347. I understand it is my responsibility as the Generator's Authorized Representative to determine the characteristics of the Waste material and its proper classification, I hereby certify that the Waste material complies with all federal, provincial and local laws and regulatory criteria, and is acceptable material for landfill. Additionally, I hereby indemnify Walker Environmental Group Inc. and save it harmless from and against any claims, actions, damages, liabilities and expenses including lawyers and other professional fees, in connection with the loss or injury whatsoever arising from or out of any inaccuracy or untruthfulness in the information provided herein.
