Clean Soil Acceptance Agreement

WHEREAS Walker Environmental Group Inc. ("the site") has agreed to accept Inert Fill/Clean Soils, from the "Customer" ("the customer"). IN CONSIDERATION of the acceptance of such materials and the payment therefore, the parties agree as follows:

- Per Ontario Regulation 347, the Term "Inert Fill" and "Material(s)" refers to earth or rock fill or materials of similar nature that contain no putrescible materials or soluble or decomposable substances, where no staining, rubble or odour is present in the load.
- Should any illegal or unacceptable materials be found in any load, or, after deposited in the site and traced to the Customer, the Customer authorizes Walker Environmental Group Inc. to have such illegal/unacceptable materials removed from "the site" at the Customer's expense, and undertakes to pay such charges forthwith.
- The Customer undertakes to advise Walker Environmental Group Inc. of the source of any illegal/unacceptable materials delivered to the site.
- The Customer will indemnify and save harmless Walker Environmental Group Inc. and any of its subsidiary companies from any loss, damage, action, prosecution, fine, costs, expenses (including the expenses of defending any such action or prosecution), or other costs to which Walker Environmental Group Inc. may be put as a result of any misinterpretation by the customer or the deposit of any illegal/unacceptable materials by or on behalf of the Customer at the site.

If any of the following has occurred at the site, it cannot be accepted:

- There is visible contamination of the site
- There are a history of spills at the site
- There are non-native soil at the excavation site
- There is glass, plastic, metal, asphalt, and/or other garbage in the soil to be excavated
- There are soluble or decomposable chemical substances in the soil to be excavated

We may need to modify the way waste is accepted, making previously approved waste unacceptable. We will contact you if your waste is affected.

I certify that I am qualified and appropriately authorized personnel to classify this waste, that the information contained in this form is a true reflection of the waste which will be shipped and that the waste is both "Inert Fill" and "Solid, Non Hazardous Waste" as defined by OReg 347. I understand it is my responsibility as the Generator's Authorized Representative to determine the characteristics of the Waste material and its proper classification, I hereby certify that the Waste material complies with all federal, provincial and local laws and regulatory criteria, and is acceptable material for landfill. Additionally, I hereby indemnify Walker Environmental Group Inc. and save it harmless from and against any claims, actions, damages, liabilities and expenses including lawyers and other professional fees, in connection with the loss or injury whatsoever arising from or out of any inaccuracy or untruthfulness in the information provided herein.
