

# CONTAMINATED SOIL

## WALKER ENVIRONMENTAL GROUP INC. WASTE STREAM INFORMATION SHEET

Refer to procedure for soil acceptance requirements at [walkerind.com](http://walkerind.com)  
Fax Completed Sheet to: WEGI at 905-680-3699 or email [approval@walkerind.com](mailto:approval@walkerind.com)

Waste Generator/Owner Information					
Company Name <small>(Owner of Property)</small>		Phone /Cell			
Contact Name		Email			
Address of Soil Location	Street:	City:	Prov:	Postal Code:	
Project Description					
Project Name <small>(if applicable)</small>		Have you received a formal quote with pricing?	<input type="checkbox"/> Yes <input type="checkbox"/> No	<i>If yes, specify quote number</i>	
Reason for Removal	<input type="checkbox"/> Tank removal <input type="checkbox"/> Site remediation <input type="checkbox"/> Spill <input type="checkbox"/> Other (Specify): _____				
Description of Waste		Are there any H&S concerns pertaining to the waste?	<i>If yes, please indicate concern and required PPE</i>		
Land Use	Current		Former		
Estimated Project Start Date		Estimated Project End Date			
Estimated Tonnage to be Disposed	<i>If continuous disposal, specify frequency</i>		Please be advised that if this tonnage is exceeded you will be required to apply for an extension.		
	Tonnage:	Frequency:			
Hauler Name		Shipment Mode	<input type="checkbox"/> Trailer <input type="checkbox"/> Tri-Axle <input type="checkbox"/> Luger <input type="checkbox"/> Other:		
Supporting Documentation and Statements					
Analytical Data	<b>Please attach all TCLP analysis that is representative of the waste.</b> Note we only accept laboratory certificates of analysis from laboratories that are SCC or CALA accredited.				
	<b>Minimum testing requirements</b> - TCLP metals & inorganics, TCLP VOCs, bulk PCBs. If Bulk PCB results are >1ppm you will need to provide TCLP PCB analysis.				
	<b>Have you provided analysis for our minimum testing requirements?</b> If No, a Qualified Person (QP) must indicate why TCLP sampling was not provided and/or needed. <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>				
	<b>Are there other Contaminants of Concern beyond our minimum testing requirements onsite that are also listed in Schedule 4 of Reg 347 ?(i.e. benzo(a)pyrene)</b> If Yes, we require TCLP analysis on these contaminants of concern OR a QP must indicate why TCLP sampling was not provided and/or needed. <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>				
	<b>Is/are the TCLP sample(s) representative of 'worst case' materials at the site destined for landfill?</b> If No, we require TCLP of worst case material OR a QP must explain how the TCLP is representative of the material. <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>				
<b>Is/are the TCLP sample(s) older than 12 months?</b> If Yes, we require TCLP analysis that is not older than 12 months OR a QP must explain how the TCLP is representative of the material. <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>					
Sampling Plan	<b>Is your project generating over 5000 MT?</b> If Yes, please include the sampling plan (i.e. Borehole location plan from Phase Two ESA) <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>				
Waste Description	<b>Treated Wastes:</b> Has this waste been treated so that it is now a solid non-hazardous waste? If Yes, generator must provide detailed description of treatment process. <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>				
	<b>Mixing Wastes / LDR Wastes:</b> Has this waste been mixed with or derived from a hazardous waste or subject to "Land Disposal Restrictions" per OReg 347? If Yes, the waste is not acceptable for disposal at our landfill. <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>				
	<b>Solid, Non-Hazardous:</b> Is this waste a "solid, non-hazardous waste" as defined by OReg 347? If No, the waste is not acceptable for disposal at our landfill. <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>				
	<b>Hazardous Wastes Onsite:</b> Are there hazardous wastes/soils onsite? If Yes, the generator must provide a Material Management Plan to demonstrate segregation. <b>Please contact our office for more details.</b> <span style="float: right;"><input type="checkbox"/> Yes   <input type="checkbox"/> No</span>

**Waste Acceptance Agreement**

We operate a non-hazardous solid waste landfill. Any agreement to receive waste from you (the Generator) is contingent upon you:

- shipping only non-hazardous solid waste (per O. Regulation 347)
- advising us immediately of any changes in the nature or content of the waste;
- advising us immediately if any hazardous or unapproved wastes were delivered to us by or on behalf of you;
- agreeing to cover all our costs (operating, legal, etc.) associated with any errors, omissions or misrepresentations that result in us receiving illegal/unacceptable waste by you or on your behalf. Note: all costs are subject to a surcharge and additional handling fees.

We may need to modify the way waste is accepted, making previously approved waste unacceptable. We will contact you if your waste is affected.

Any inspection completed by a third party (3rd) for regulatory purposes or by other legislative personnel is outside of the terms and conditions of this agreement.

**I certify that I am qualified and appropriately authorized personnel to classify this waste, that the information contained in this form is a true reflection of the waste which will be shipped and that the waste is "solid, non-hazardous waste" as defined by OReg 347. I understand it is my responsibility as the Generator's Authorized Representative to determine the characteristics of the Waste material and its proper classification, I hereby certify that the Waste material complies with all federal, provincial and local laws and regulatory criteria, and is acceptable material for landfill. Additionally, I hereby indemnify Walker Environmental Group Inc. and save it harmless from and against any claims, actions, damages, liabilities and expenses including lawyers and other professional fees, in connection with the loss or injury whatsoever arising from or out of any inaccuracy or untruthfulness in the information provided herein.**
